COMPUTER SKILLS

Following design technologies, trends and learning new software programs is my passion and a way to reach better results in design process.

Platform Mac OSX and Windows XP & Vista
Software Adobe Illustrator Maxon Cinema 4D
 Photoshop Corel Draw Graphics Suite
 Indesign Graphisoft Archicad
 Flash ESRI ArcGIS
 Dreamweaver Autodesk AutoCAD
 After Effects 3D Studio Max
 Premiere Pro Maya

INTERPERSONAL SKILLS

Communication Each of my freelance jobs and other work experiences has involved effective communication. I am constantly improving my communication skills by working in different industries and different clientelle. Giving one-on-one Cinema 4D and AutoCAD sessions has improved my communication skills significantly.

Time Management I've always worked with deadlines during my education, freelance and work career, so I always know my priorities. I create my own schedule and prioritize my jobs in order to meet deadlines. I believe time management brings success.

Teamwork I play basketball 14 years and believe that being a team player results in winning success. It's reflected in my career. I enjoy working a part of a team as this always open my creative eye.
